I am particularly humbled by the outpouring of support of our donors and volunteers for the Rebuilding Together Houston mission this year. We are creating a blueprint for dramatically increasing service to our city's growing elderly homeowner population, many of whom lack the means to age in place in their deteriorating homes. Tremendous thanks go to all who have given of their time, energy and financial resources to transform lives and revitalize communities.

Jim Soller, Executive Director & CEO

SUPER IMPACT 17 CAMPAIGN

YOU DID IT! Sunday, February 5, 2017 marked one of the greatest Super Bowls in history and the conclusion of the Super Impact 17 Campaign, RTH's first comprehensive fundraising campaign. While our initial goal was \$500,000 – your overwhelming support pushed us \$125,000 over. We raised an unprecedented \$625,000.

You, our donors, supported us as never before. A distinguished cadre of corporations, organizations and individuals gave during the 17 months of Super Impact 17, including 100 percent of the RTH Board of Directors and Staff. Thanks to you, we were able to fund all three priority areas of Super Impact 17, helping RTH to achieve its vision to provide safe and healthy housing for more low-income elderly, veteran and disabled homeowners across the greater Houston area.

CORE PROGRAMS

Volunteer Home Repair, our cornerstone program, brings together thousands of volunteers from corporate, faith-based, and civic groups to make exterior home repairs for low-income elderly, veteran and disabled homeowners. These caring volunteers scrape, caulk and paint exterior walls; repair damaged siding and porches; secure or replace doors and windows; spruce up yards; and provide other needed repairs mostly on two consecutive weekends in April and October.

Safe and Sound Services utilizes smaller teams of volunteers to provide home interior health and safety modifications that prevent falls and fires, increase accessibility, and remedy poor air quality. Improvements include installing grab bars, handrails, smoke and CO detectors, fire extinguishers, bath safety devices and air filtration systems, among others.

Ramp Angels connects small teams of skilled carpentry volunteers with mobility-challenged homeowners to construct for their homes durable wheelchair ramps for easy access to mailboxes, driveways, backyard gardens, shopping, doctor appointments and social interaction with the wider world around them – mitigating loneliness and isolation.

Students in Service brings crews of high school and college students from schools, congregations and scouting groups into meaningful community service. Here hands-on construction skills and lessons in compassion are learned under attentive adult leadership, creating tomorrow's cadre of caring neighborhood leaders and dedicated volunteers.

Critical Systems Repair utilizes local professional contractors hired through competitive bids for major interior repairs that require licensing and specialization, such as plumbing, electrical, HVAC and/or house leveling issues. These serious problems are corrected before volunteers arrive to make exterior improvements.

Roof Restoration also utilizes professional contractors hired through competitive bids to assess and replace damaged or leaking roofs. This is often the most critical repair made to a home and is usually performed first. During 2016, RTH was selected as the sole organization to implement the mayor's storm-related "Blue Tarp" roof repair program, replacing a total of 138 roofs for low-income Houstonians.

*"Rebuilding Together restored
my faith in humanity."*

* Program, Materials & Donated Labor

More than 180,000 American military veterans reside in Harris County, making it the third largest county-wide veteran population in the nation, and the largest in Texas.

Rebuilding Together Houston continues to have a strong focus on service to our senior veterans by making no-cost home repairs for them and/or their surviving spouses – a service we have proudly provided for over three decades.

During 2016, RTH helped 83 Houston-area veteran homeowner families with volunteer and contractor home repairs adding an average value of \$21,000 per house in materials and labor.

Generous funding for these repair projects was provided by the Texas Veterans Commission, the Home Depot Foundation, major corporate and foundation sponsors, and contributors to the RTH Annual Fund.

*“I just love
everything
you all have
done for me.
Thank you.”*

Dewey Phillips,
Retired U.S. Army Sharpshooter

Rebuilding Together Houston extends its deepest appreciation to all contributors of any gift amount. Our donors' generosity is the primary source of annual support for our mission, core programs and operations. To learn more about supporting Rebuilding Together Houston, contact our Advancement Office at (713) 659-2511 or Giving@RebuildingHouston.org.
Listed gifts were received between January 1, 2016 and December 31, 2016. We make every effort to ensure the accuracy of our donor listings. If there is an inaccuracy, please accept our apology and notify us at (832) 831-4378 so that we may update our records accordingly.

100 percent of the Board of Directors and Staff of Rebuilding Together Houston contributed financially to its mission and programs for 2016.

MISSION

To restore hope and revitalize neighborhoods by repairing homes at no cost for low-income elderly, veteran and disabled homeowners

To work with volunteers supported by public- and private-sector initiatives to enhance the quality of life for deserving seniors

To strengthen the communities in which these seniors live and build a brighter future for Houston and Harris County
